

**LIGSUN**  
...the Indian Ethnic Lighting

## OUR VALUES

### Quality

From overseeing manufacturing processes to extensive R&D involving advances in-house product testing, we adhere to stringent measures in order to deliver high end lighting solutions to our customer

### Variety

We can cater to projects with all kind of requirements. Whether its different degree of flexibility, control and dimensions or identifying a range of color kinematics, we have a solution for all requests

### Support

We offer great support to our customers through each stage of the projects, Different stages of designing of the concept, 3D modeling, lighting simulations, installation and service support.

### Customization

We value working collaboratively with our clients to create a project specification suited to individual needs, acknowledging that each lighting installations and its purpose is unique

## ABOUT GROUP

Gyraab is a 34+ year old group with diversified verticals. The objective of our management is to deliver the best of the best to our associate customers and let them feel delighted and satisfied of spending every single penny. Our group mainly works in the Textile, Education, Lighting technology, Architectural Solutions, Renewable Energy, Power storage Solutions, EPC contracting and OEM manufacturing services.

## ABOUT COMPANY

In 2009, we identified a gap between the imagination of Architects and converting it into reality. Henceforth we founded Daisun brand Lighting solutions which is now LigsunLighting. it is a Lighting Science and technology company under the umbrella of Gyraab group. At Ligsun, we focus on delivering specialized outdoor lighting solutions.

Right from the 3 D Modelling, lighting simulation, providing Lighting Demo, manufacturing and supplying the exact required products, getting them installed and handle the services, we offer complete end to end solutions to our clients. Our commitment is to provide cost effective and unique products. We also offer reliable OEM/ODM services to our clients.

At Ligsun we deliver Indian Ethnic Façade Lights for sustainable, durable, flexible and long term lighting solutions and for specialized application for landscaping, Building Façade and Architectural Lighting.

We have continuously developed this Lighting portfolio over more than 13 years and every single day we succeeded in applying these capabilities in a project-oriented manner, thereby finding even better solutions for our Clients. Our team with excellent expertise manages the projects in an efficient manner with the help of various cutting edge technology in the field of Opto-electronics, Wi-Fi Technology, Lora Network, DMX controls, etc.

Continuous product innovation and reliable customer cooperation have led to our subsequent success. Under the ISO9001:2000 Quality Management System, most of our products have CE, ROHS, UL, Intertek ETL, VDE, TUV certifications. Our quality assurance lies in strict monitoring and following the international standards and performing stringent checkpoints right from raw material sourcing to the final mass production.
